A PUBLICATIONS

By entering “Publications” you will see a general panel where your publications will be housed. Remember that there are 3 types. Free that serve to promote you. Basics that serve to provide content to your monthly subscribers. Tokens: Content for which you decide the value you want that publication to have. One token is equal to one dollar. On the panel you will see a + symbol in red. By pressing there you can make a new publication.

For the publication to be effective you must complete this information: Describe the content in Spanish and optional English, type of monetization (Free, basic or tokens), if it is a photo or video, upload the file and choose the date and time of publication. You can have it go out now or schedule your posts.

The screenshot shows a dark-themed form titled 'Publicaciones' with a close button in the top right. The form contains the following fields and options:

- Campos obligatorios ***
- Descripción [Español] ***: A text input field with placeholder text 'Descripción Español'.
- Descripción [English]**: A text input field with placeholder text 'Descripción English'.
- Tipo de Contenido (Básico, Gratis, Token)**: A dropdown menu with the text 'Selecciona el tipo de contenido'.
- Selecciona el tipo de archivo a subir ***: Radio buttons for 'Foto' and 'Video'.
- Subir archivo ***: A button labeled 'Seleccionar archivo' and the text 'Ninguno archivo selec.'.
- Fecha y Hora Publicación***: A date and time input field with placeholder text 'YYYY-MM-DD HH:MM'.
- At the bottom, there are two buttons: 'Guardar' (red) and 'Cancelar' (grey).

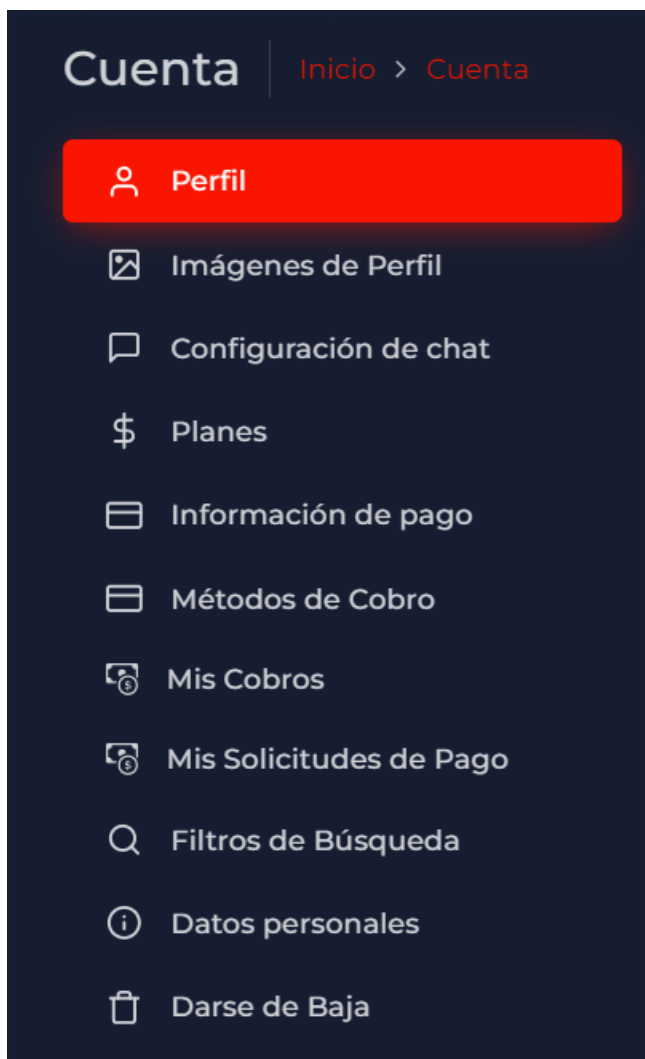

This way your photo will remain on your profile.

IMPORTANT:

There is the possibility that your FREE photos or videos appear on the main wall of the page. This can help you have greater visibility. To be on the wall, the photos or videos must be of good quality and in a sexy tone. We try not to put very bold photos so that all creators feel comfortable.

B ACCOUNT

By entering “ACCOUNT” you will see different items that you must complete for the best functioning of your profile.

Regarding publication, we recommend publishing 3 or 4 contents 2 to 3 times a week. Put some for free, others for subscription and also don't forget content for tokens. This will help your subscribers have more options to buy.

9 PROMOTION RECOMMENDATIONS

Social networks are very important.

Every time you publish new content on Divasplay, we recommend you let it be known in your Storys. Do not use your profile link in them. Yes, you can use it in the biography of your IG profile and let us know in the Storys. "Link in bio"
